## NEEDLES

Set of five double-

2 (2.75 mm) or size  
needed to obtain  
correct gauge.

## GAUGE

12 sts and 18  
rounds = 2 inches (5  
cm) in circular stock-  
inette stitch before  
blocking.

## FINISHED SIZE

About 7 $\frac{3}{4}$  inches  
(19.5 cm) around  
foot and 9 $\frac{1}{2}$  inches  
(24 cm) from top of  
leg to bottom of  
heel.

## LEG

**Note:** Cuffs: On the unnumbered cuff chart rounds, adjust the stitches as necessary on the all-knit rounds to maintain 13 sts on needle #1; 25 sts on needle #2; and 12 stitches on needle #3, and keep the patterns aligned. Check the work frequently. When the cuff rows are finished, and the leg pattern begins, the rounds are numbered and will begin and end as shown on the chart, and will not be necessary to adjust stitches.

Cast on 50 sts. Divide sts onto 3 needles (13 sts on needle #1, 25 sts on needle #2, 12 sts on needle #3). Join into a round, being careful not to twist sts. This join is the “seam” line and marks the beginning of all future rounds. Purl 1 round. Knit 1 round. Work cuff chart as indicated, and *at the same time* k2tog on needle #1 on last round of cuff. 49 sts remain.

Continue following chart and work until leg measures 8 inches (20.5 cm) or desired length to top of heel. End having worked Round 19 of chart over instep sts and ready to begin needle #3—last 12 sts of round.
