TO ENTER, design and create an original knit or crocheted scarf. Be creative: experiment with stitch patterns, colorwork, embroidery, yarns and any other special design elements to make the scarf uniquely your own.

WHERE YOUR SCARVES WILL BE DONATED The Center for Women and Families serves women, children and families affected by domestic violence, rape/sexual assault and economic hardship. Founded in 1912, The Center is a non-profit agency that last year served over 30,000 people in fourteen counties in Kentucky and Indiana through three main programs: the Domestic Violence Program, the Rape Crisis Program, and the Family and Community Support Programs. Scarves will go to needy program participants in Winter 2005.

"An idea for a scarf design can come from anywhere, an irresistible yarn, a stitch pattern that appeals to you, a crocheted border you'd like to try, or perhaps a collection of beads that would make a wonderful fringe. Whatever your skill level or experience, there's no better way to develop confidence in your craft than to design and knit your own scarf."
