Both authors and subjects are contained in the index. Keep in mind that people’s names can be either authors or subjects in an article. The column “Roving Reporters” is not indexed, nor is the “Letters” or “From the Editor,” unless it is substantial. Projects are followed by bracketed [ ] abbreviations indicating the shaft number and loom type if other than a regular floor loom. To find an article, use the abbreviations list below to determine issue and loom type. For instance, “Warped and twisted scarves. Handwoven: MJ12, 66-68[4]” is a 4-shaft project found on pages 66-68 of the May/June 2012 issue.
